**SAVE MILA KUNIS**  
the drinking board game by Jared Woods

# EVERYTHING YOU NEED TO KNOW

## THE STORY:

Mila Kunis has been trapped inside of this game, true story.

It is up to you and your friends to play this game and free her, getting drunk in the process.

In summary: profit.

## HOW TO SET UP:

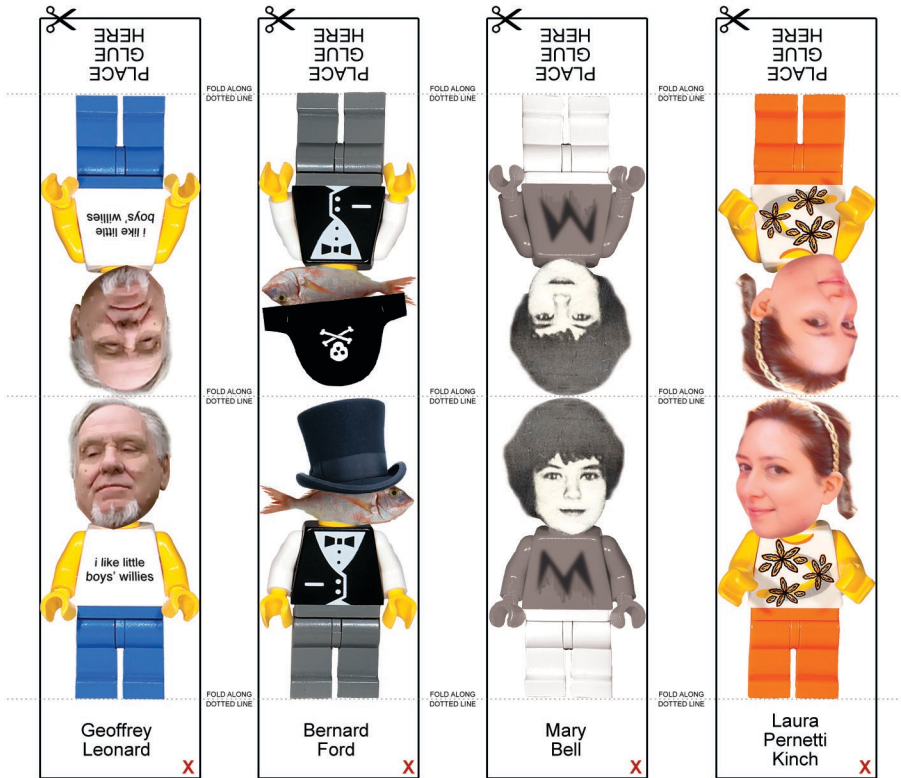

1. To play you need 2-4 players; lots of alcohol (preferably very strong and of different types); a dice; and a large empty glass.
2. Cut out the board on page 3.
3. Cut out characters on page 4.  
Fold along dotted lines, the printed character must be on the outside.  
Place glue on square labelled PLACE GLUE HERE.  
Stick PLACE GLUE HERE square on the back of square with the red X.  
Characters should stand on their own two feet.  
Place on board, the first square labelled "start".
4. Cut out JAR OF MURDER COASTER on page 4.  
Place large glass on coaster.  
Each player must pour a decent quantity of their alcohol into said glass.  
This glass is now known as the JAR OF MURDER.
5. Cut out 16 cards on page 5.  
Put in a pile next to the board.
6. Players must now shake hands and get ready to play.

## HOW TO PLAY:

1. Each player rolls the dice. Highest number starts, the order goes anti-clockwise.
2. Each player's turn consists of throwing the dice and moving said number forward, following arrows which go in a spiral formation towards the center of board.
3. Each block will have an instruction on it. Most should be easy to understand for English speaking people, generally commanding a player to drink or to nominate another player to drink.
4. If player lands on ADD TO JAR OF MURDER, he/she must pour a decent quantity of his/her drink into the JAR OF MURDER.
5. If player lands on a block instructing to take a card, he/she must take a card and follow its instruction, duh.
6. The first player to reach the final block wins.  
The winner then nominates the player who must drink the contents of the JAR OF MURDER.  
If said player fails to drink entire JAR OF MURDER, they must be insulted profusely.  
If they succeed, they are the true hero.

May the best hermaphrodite win.

Real Noddy, Real Bigears and Rusk with Tusks are characters created by Matthew Krige and Donovan Hack.

Laura appears as a result of a random facebook competition, I hope she is ok with this.

All other celebrities are actually just look-alikes with the same names and for that reason, I am exempt of any legal action, fact.

Please drink responsibly unless it gets in the way of having fun. I also smoke cigarettes and I would recommend this practice to anyone.
